*WINTER
is coming*

K-State Research and Extension is committed to providing equal opportunity for participation in all programs, services and activities. Accommodations for persons with disabilities may be requested by contacting the event contact two weeks prior to the start of the event at 620-272-3670. Requests received after the two week prior limit will be honored when it is feasible to do so.

FROM THE DESK
OF THE *Director*

Did you know that **November 6-12 is Random Acts of Kindness Week?** It is!

We here at the **West Plains Extension Office challenge each of you to preform at least one act of kindness a day for someone else throughout the month.**

You can do an act for a stranger or an act without anyone knowing about it. **Do you know who benefits from an act of kindness? Everyone.**

#BeKind

CAROL ANN CROUCH
DISTRICT DIRECTOR
FAMILY & CONSUMER SCIENCE
CCROUCH@KSU.EDU

You the giver, the receiver and more! **The Random Acts of Kindness website suggest doing something each day.** These kind acts can also be for yourself too!

Need some ideas? **Check out their website at www.randomactsofkindness.org.**

As we enter **November and the month that kicks of the holidays, remember to be kind to everyone.**

None of us know what someone else is going through and the holidays are stressful.

If the staff at West Plains Extension can be helpful in anyway at all, please let us know. **We look forward to hearing from you and Happy Thanksgiving!**

Carol Ann

BUNDLE UP: WINTER GARDEN PREP

November already? Somehow it seems both impossible and yet very possible that the growing season has finally come to its end for 2022. **And yet, the gardening tasks don't quite have to be done just yet.** Now is the time to winterize what you have and to prepare your plants for the harshness of winter. **Don't forget, slow and deep waterings on trees and shrubs at this time of year will help them stay hydrated and keep from withering in desiccating winter winds.** Let's take a look at some more fall gardening tidbits below.

ANTHONY
REARDON
AGENT
HORTICULTURE
ANTHON3@KSU.EDU

Generally, it is **recommended to plant hardy bulbs (especially daffodils) in October** to give them enough time to root before winter. But it is certainly **not too late to plant them in early November. As long as the soil temperatures are above 40 degrees F**, the bulbs should continue root development. The size and species of the bulb determines how deep to plant. **In general, the depth to the bottom of the bulb should be about 2 to 3 times the size of the bulb**, but check the planting instructions specific to each particular flower. (Ward Upham)

Fall is traditionally a time for cleaning up gardens. Normally, we recommend clear-cutting dead stems to help control insect and disease problems. With **herbaceous perennials that have been pest free, you might want to consider leaving some to provide structure, form, and color to the winter garden.** For example, ornamental grasses can be attractive even during the winter months. However those near structures should be cut to the ground because they can be a fire hazard. **Perennials with evergreen or semi-evergreen foliage can provide color.** Of course, some perennials are naturally messy after dormancy and should be cut back in the fall. **Foliage can be left for other reasons. For example, foliage left on marginally hardy plants such as tender ferns helps ensure overwintering of plant crowns.** Also, seed heads on some perennial plants can provide seed for birds. (Ward Upham)

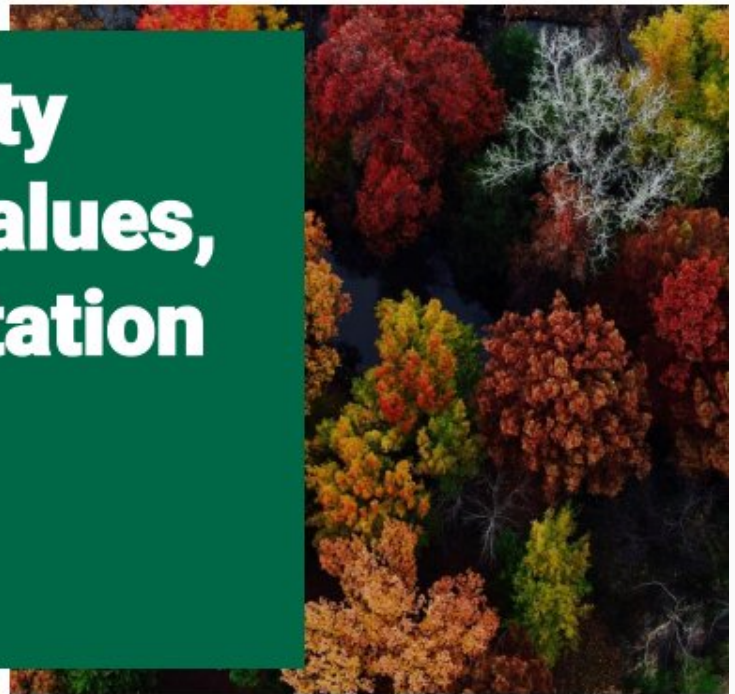

Hoes, shovels and other common garden tools often have wooden handles that can deteriorate over time. **Storing tools in a protected location can slow that process, but normal use will still expose the tools to the elements.** The end of the season is a good time to clean up and protect the handles so they will last for many years. **Weathering can raise the grain of wood, resulting in splinters.** A light sanding can smooth the handle. Follow that with a light application of wood preservative, boiled linseed oil or polyurethane to protect the wood. Wipe off any excess after a few minutes as oil-based products can attract dirt. Cleaning any dirt off metal parts and coating with a light application of oil can prevent rust. **Good tools are expensive. A few minutes of care after the season is over can help preserve them for many years to come.** (Ward Upham)

Kansas Community Tree Canopies: Values, Impacts, Reforestation

Statewide Workshops November 2022

Description

Join the Kansas Forest Service Community Forestry Program as we resume in-person training at multiple locations throughout the state. You'll learn more about the recently completed canopy assessment for all incorporated cities in Kansas, how you can utilize your community's data and the values of your community's tree canopy. Biotic and abiotic impacts to community trees, pruning strategies to reduce canopy loss and how to reforest your community will round out these four-hour workshops.

Registration

Registration for the day is \$5. For additional information and to register, please visit our website: <https://bit.ly/3Ri308J>

Dates and Locations

- Nov 8: Agriculture Research Center, 1232 240th Avenue, Hays, KS 67601
- Nov 10: Southeast Research and Extension Center, 25092 Ness Road, Parsons, KS 67537
- Nov 10: Crestview Community Center, 4801 SW Shunga Drive, Topeka, KS 66614
- Nov 10: Finnup Center for Conservation Education, 312 E. Finnup Drive, Garden City, KS 67846
- Nov 15: Thompson Barn, 11184 Lackman Road, Lenexa, KS 66219
- Nov 17: Pottorf Hall at CiCo Park, 1710 Avery Avenue, Manhattan, KS 66503
- Nov 21: Sedgwick County Extension Office, 7001 W. 21st St. North, Wichita, KS 67205

All programs will run from 8:30 am-1:00 pm

Kansas Forest Service is committed to making its services, activities and programs accessible to all participants. If you have special requirements due to a physical, vision, or hearing disability, contact Tim McDonnell at 316-788-0492, Ext. 202 by October 31st, 2022.

Thanksgiving

Thanksgiving time is one of the biggest holidays of the year. It's a time for gathering with family and friends and enjoying a bountiful meal. But most of all, it is a **time to be thankful and grateful for the many blessings** enjoyed throughout the year. If you are having a small gathering or large gathering, or whether you are an old pro or a first timer, **here are some tips in planning and preparing your Thanksgiving Feast.**

JENNIFER LASALLE
AGENT
FAMILY AND COMMUNITY
WELLNESS
JLASALLE@KSU.EDU

GUEST LIST
Determine your guest list and who will be coming. This will be helpful in preparing your Thanksgiving Feast

MENU
Plan your menu. Will you be preparing the meal or are you going to have help? If guest is bringing food, feel free to ask them to bring a certain item.

Is turkey on the menu?
What size of turkey should you buy?

HOW MUCH TURKEY TO MAKE PER PERSON

Number of People	Turkey Weight	Number of People	Turkey Weight
4	— 5lbs	12	— 15lbs
6	— 8lbs	15	— 20lbs
8	— 10lbs	20	— 25lbs
10	— 13lbs	25	— 32lbs

Thawing a turkey is one of the most important steps. Safest way is to thaw in refrigerator. Cold-water bath is another way to thaw a turkey. Place the wrapped turkey in a clean, sanitized sink, and fill it with cold water. Change the water every 30 minutes.

how to thaw a TURKEY

Turkey Weight	Refrigerator	Cold Water Bath
5 LBS	1 DAY	2.5 HRS
10 LBS	2 DAYS	5 HRS
15 LBS	3 DAYS	7.5 HRS
20 LBS	4 DAYS	10 HRS
25 LBS	5 DAYS	12.5 HRS
30 LBS	6 DAYS	15 HRS

Cooking a turkey has become an art and there are many different ways to cook a turkey. Grilling, smoking, deep-frying, and roasting are just a few ways. When cooking a turkey, it is important to cook it to the correct temperature. USDA recommends cooking a turkey to the internal temperature of 165 F.

COOKING TIMES

Unstuffed	
4 to 8 pounds (breast)	1½ to 3¼ hours
8 to 12 pounds	2¾ to 3 hours
12 to 14 pounds	3 to 3¾ hours
14 to 18 pounds	3¾ to 4¼ hours
18 to 20 pounds	4¼ to 4½ hours
20 to 24 pounds	4½ to 5 hours

Stuffed	
4 to 6 pounds (breast)	Not usually applicable
6 to 8 pounds (breast)	2½ to 3½ hours
8 to 12 pounds	3 to 3½ hours
12 to 14 pounds	3½ to 4 hours
14 to 18 pounds	4 to 4¼ hours
18 to 20 pounds	4¼ to 4¾ hours
20 to 24 pounds	4¾ to 5¼ hours

ANHYDROUS AMMONIA SAFETY

As fall anhydrous ammonia season ramps up, it is important to be reminded of safety and handling precautions. No matter how much experience you have with anhydrous ammonia, it is important to be continuously keep in mind the risk and potential hazards.

RENEE TUTTLE
AGENT
AGRICULTURE &
NATURAL RESOURCES
RSTUTTLE@KSU.EDU

Due to the high amount of anhydrous applied in the "I-States", our friends at the Illinois Fertilizer and Chemical Association provide these twelve safety recommendations for working with anhydrous ammonia:

- 1 Use ammonia gloves and splash goggles when working with ammonia. Never wear contact lenses.
- 2 Always assume ammonia is present in all equipment and hoses and be sure to purge before inspection.
- 3 Inspect ammonia hoses for nicks, cuts, soft spots and coupler spillage.
- 4 Follow the "replace by" date indicated on the hose and never repair a hose--only replace them.
- 5 Make sure each nurse tank has 5 gallons of fresh, clean water. Also, keep a gallon of water in your truck and tractor.
- 6 SLOW DOWN! Drive no more than 25 mph when pulling ammonia tanks.
- 7 Avoid congested or high-traffic area when pulling nurse tanks to and from field of application.
- 8 ALWAYS shut off ALL nurse tank valves and disconnect transfer hoses before pulling out onto the roadway.
- 9 Nurse tanks should not be operated in low-light conditions or before/after sunset UNLESS you an amber light is on.
- 10 Never forget to attach safety chains, even in the field during application. This will help in the event of a hitch failure.
- 11 Be sure that all breakaway devices are properly installed, maintained, and operational.
- 12 Never hesitate to make the call if you have an ammonia release no matter the amount. Safety first!

2022 Farm and Ranch Transition Conferences

The Office of Farm and Ranch Transition at Kansas State University will be having Succession Planning Conferences in December.

Three locations offered. Pick the location that works best for you.

Tuesday, December 13th
Colby, KS
City Limits Convention
Center
2227 S. Range

Economics

**Kansas State University: Agricultural Experiment Station
and Cooperative Extension Service**

K-State Research and Extension is an equal opportunity provider and employer. Issued in furtherance of Cooperative Extension Work, Acts of May 8 and June 30, 1914, as amended. Kansas State University, County Extension Councils, Extension Districts, and United States Department of Agriculture Cooperating Extension, Ernie Minton, Director.

4-H DISTRICT ROUNDUP

The changing seasons are the perfect time to get involved with a 4-H Photography Project! Vibrant colors, fall harvest, migrating birds and the spectacular sunsets/sunrises of Kansas!

From learning about camera equipment to creating beautiful and memorable images, 4-H'ers are able to learn all about their cameras, photography techniques and the science behind that great picture from 4-H Project Leaders.

JANET HARKNESS

AGENT

4-H & YOUTH

DEVELOPEMENT

JLP27@KSU.EDU

Every summer, 4-H photographers work with 4-H Project Leaders to choose their best photos for competition at the county fair, with the ultimate goal of earning a purple or blue ribbon and heading to State Fair competition. Members learn that where they have photos printed is just as important as how and what they've photographed.

Interested in taking all of that photography knowledge and applying it in a competitive environment? 4-H'ers participate in regional and state-wide photo judging competitions to test and improve their photography knowledge. **West Plains 4-H annually sends teams to these events, where members enjoy great success! Leadership opportunities, revolving around photography, also exist in the Kansas 4-H Program.** From serving locally as Junior Project Leaders for their clubs and counties to having an impact on the state level, leadership abounds.

From 4-H Project to career, photography has the opportunity to take you places! Quite a few college-aged students relate that their 4-H project shaped their college and college class choices. As 4-H'ers grow through the photography project, they are able to serve as event photographers, try their hand judging at different county fairs, enter national photo contests, intern for professional photographers or work with social and digital content for businesses. **Careers range from photography to digital editing to marketing, limitless possibilities with 4-H!**

Getting involved with 4-H Photography is easy! Both Scott and Finney Counties have regularly scheduled photography project meetings.

• **Scott – last Monday of every month, 7pm, William Carpenter Building on the Scott County Fairgrounds.** Special field trips as scheduled.

• **Finney – monthly meetings at the Finney County Extension Office.** Special field trips as scheduled. Members are also eligible to attend state-wide 4-H Photography events such as Shutterbugs, 4-H Super Saturday and Botanica.

Want to learn more about expanding your photography hobby into a 4-H career? Please contact the Scott (620-872-2930) or Finney County (620-272-3670) Extension Offices to learn more! Happy picturing this fall!

Thank you to Aaron Morales and Kinley Unruh for meeting with the Commissioners during 4-H Week and sharing your experiences with them.

4-H GROWS HERE

4-H'ers made a table runners and matching coasters during the October 14th Sewing Day in Finney County. Many great projects to possibly enter into next year's fair.

Thank you Happy Hustlers 4-H Club Members Kealie & Audrey for promoting 4-H week at KIUL Radio!!!

Jennifer LaSalle taught these 4-Hers about the health benefits in pumpkins and zucchini in the last 4-H Pumpkin & Veggie Project lesson.

4-H FALL FESTIVAL

West Plains Extension would like to extend a massive thank you to all of the volunteers, sponsors, agents, office professionals and families that partook in our first ever 4-H Fall Festival!

We know we had a good time, and it couldn't have been possible without support from every single one of you.

Huge shout out to the Finney County Farm Bureau, Garden City COOP, William Carpenter 4-H Foundation, Finney County 4-H Council, Western State Bank, Roth Farms, and the All American Beef Battalion for your support. Also, a big thank you to Prairie Wind Aquatics, Wildeflower Nursery, and the Finney County 4-H Council for their support of the 4-H Pumpkin and Veggie projects!

FINNEY FLYERS

The Finney Flyers met Sunday Oct 9th. The meeting was called to order at 4pm. Members recited the Flag Salute and 4-H Pledge. Nine members answered roll call. Austin Elam was excused. Abigail was present. Roll call was "What are you going to be for Halloween?". Minutes for the September meeting were read and approved. Kason gave the treasurer's report. Connie said the club was invited to participate in the Veteran's Day Parade on Nov. 12th. Kason moved to participate in the parade. Motion was seconded and passed. Connie will check with the Cole's to see if they have the posters used last year. Achievement night is coming up. We are co-hosts. It was moved to have our next meeting Nov. 5th at 4pm. Recreation was "catch ball". Meeting was adjourned.

New Officers are President:
Aleah,
VP: Austin,
Secretary: Kynadee,
Treasurer: Kason,
Reporter: Austin/Aleah,
Song Leader: Addisyn/Madilyn,
Recreation: Perry/Kason

WIDE AWAKE

The September meeting of the Wide Awake 4-H club was called to order at 7:00 p.m. on September 12, 2022 at the Finney County Fairgrounds 4-H Building. The pledges were led by Harper Sowers. A parliamentary was given by Katy Lombeyer. The leaders said that record books will be due on October 10, 2022, and that there is an online option this year. At this meeting we elected our officers for this year. President: Mitchell Lehman, Vice President 1: Jaylee Speer, Vice President 2: Anna Lombeyer, Vice President 3: Emma Lightner, Secretary: Madelyn Waggoner, Treasurer: Reyce Frick, Historian: Lauren Lightner and Katy Lombeyer, Reporter: Brooke Basham, Parliamentarian: Molly Price and Harper Sowers, Song Leaders: Macy Hands and Trell Baker, 4-H Council Representatives: Anna Lombeyer, and Recreation Leaders: Harvick Sowers, Kase Basham, Cort Baker, and Liam Tenhouse. The recreation for this meeting we played swim fishy swim. The next meeting will be October 10, 2022 at 7:00 p.m. at the Finney County Fairgrounds 4-H Building. Madelyn Waggoner, Reporter
