I would like to continue as a member of the Finney County 4-H Ambassador team for the coming year. I understand all requirements must have been met in order for me to continue in the program as well as being interviewed. I also renew my pledge to commit time and effort to the team activities, to accept presentation assignments, to be regular in attendance at team functions and meetings, and to conduct myself in a manner that supports a positive image for the team and the Finney County 4-H program.
