

Wine Bottle Wrap

1. Lay the towel vertically, and place the bottle vertically as well, with its bottom at the halfway mark of the towel. Fold the bottom of the towel up so it covers the bottle.
2. Take the right corner of the towel and fold it upwards towards the bottle, making a triangle.
3. Repeat with the left corner.
4. Fold the right side of the fabric inward towards the bottle.
5. Repeat with the left side so it overlaps.
6. Fan the top edges of the towel to your liking, and secure with a ribbon at the base of the bottle's neck.
